Total of Ranks	27	17	19	20	25	20
Route Length (Miles)	8.1	7.9	8.5	10.1	11.8	8.4

Best Compliance 

Second Best Compliance 

Lower Compliance 

Total Criteria Score
Total criteria score is the numerical score obtained from use of the weighted route evaluation criteria.

Rank Order Score
Rank order reflects a route's position relative to the other alternatives, i.e. a 1 indicates that this route is best among the alternatives for a given route evaluation criteria.
